## Summer Camp Packages

### Making A Connection To Someone Awesome

In so many places in our lives, our interactions with others are simple transactions. Yet we long for something

deeper, for connections with others that allow us be who we really are and get to know someone else as they really are. Choosing a Summer Camp Package is one way to begin to make a connection with a camper - like reaching

out your hand to say hello, or your fist to bump (as the kids do it now a days...) sharing a smile and your name. Answer God's call to love one another and take the first step to a relationship with an awesome camper today.
